Transportation Professionals**

ANNUAL REPORT 2022

JANUARY–AUGUST

SUPPORTING TRANSPORTATION PROFESSIONALS FOR **SAFE & HEALTHY** MOBILITY IN CANADA

ITE Canada's mission is to provide the Canadian transportation community opportunities to learn, connect, contribute, and grow

A MESSAGE FROM THE PRESIDENT

**RYAN
VANDERPUTTEN**

2022 was a year of transition for CITE, now ITE Canada. Not only is it the shortest fiscal year in our organization's history, but we also started gaining momentum on a number of exciting initiatives in alignment with our *2020-2024 Strategic Plan*.

As we transitioned into an endemic state from COVID-19, we were able to reconnect with colleagues at our first in-person annual meeting since 2019, enjoying a sold-out conference in beautiful Vancouver, BC. Many sections and student chapters were also able to return to in-person events this year, with the added benefit of some hybrid activities as well.

We have also transitioned into a new fiscal year and, as such, we are only reporting on a shortened 2022 fiscal year (January 1 to August 31). This shift will allow us to more effectively align our Director terms, with all Board member terms starting on January 1. As part of our Communications Strategy implementation, we have also transitioned to a new name, ITE Canada. This better aligns with the OneITE initiative, providing a consistent experience for all members across ITE. A new name is only the beginning, however. In the upcoming year, we will be rolling out a new brand strategy, an updated website, and an improved social media presence. Stay tuned for more information.

While a number of things are changing, there are many foundational items that are staying the same. We remain committed to providing exceptional value to our members, by creating opportunities to connect, develop, and be recognized. We continue to evolve as an organization, celebrating our diversity as a multi-disciplinary community of transportation professionals. We will continue to focus on our core products, being our conference and training programs. We look forward to our 2023 joint conference in Winnipeg with the Canadian Association of Road Safety Professionals (CARSP). Finally, we are committed to maintaining good governance of our organization. We value the significant contributions of our many volunteers, including our Board of Directors, committee members, and appointees.

As we enter our 2022/2023 financial year, I am excited about the year ahead. I look forward to making my way across Canada to connect with members in each of our Sections as well as our partner organizations, always a great reminder of this community of transportation professionals we're all proud to be a part of.

STRATEGIC PLAN IMPLEMENTATION

2022 was a significant year for action on priorities identified in our *2020–2024 Strategic Plan*, several of which set the groundwork for further implementation in the years to come. The *Strategic Plan* can be viewed at itecanada.org and in the 2020 Annual Report.

Partnerships & Training

In line with the strategy to leverage partnerships for enhanced access to resources for our members, we successfully partnered with the Transportation Association of Canada (TAC) to develop a new *Road Safety for Canadian Practitioners* online training program. We also continued planning efforts with the Canadian Association of Road Safety Professionals (CARSP) for our joint 2023 annual conference in Winnipeg.

Section & Student Chapter Support

While some events at the local level returned to in-person, many continued on virtual platforms. In both cases, ITE Canada continued to provide administrative support with registration and event services to Sections and Students Chapters. IT services in the form of document storage and domain names, which has been offered to Sections, began expanding to Student Chapters. Additional efforts were made to support national advertising of local events through social media and more promotional and communications resources were requested by and provided to Sections and Student Chapters.

AGM & Financial Year Changes

ITE Canada formalized a new financial year, now ending August 31st, and received approval to move the regular meeting date for our Annual General Meeting to early December. These changes are to facilitate the shift in our Director and Executive Officer terms which now begin on January 1st, better aligning with Section nomination processes and ITE International Director terms.

Board Initiatives

The ITE Canada Board of Directors initiated and advanced a number of governance priorities through Sub-Committees and Task Forces on Nominations & Elections Policy, Student Support, and Governance.

Strategic Communications Implementation Plan

One of the key 2020–2024 *Strategic Plan* actions taken in 2022 that touches on all priority areas was the development of a *Strategic Communications Implementation Plan*. The plan was developed through in-depth consultation with transportation professionals and students (both members and non-members) and an extensive review by experienced communications professionals of our existing graphics, messaging, and communication channels.

15

one-on-one interviews

In-depth conversations with transportation professionals representing a diversity of backgrounds, career stage, membership status, and geographies

3

online workshops

Interactive workshops with the the Board of Directors, Section Presidents, and Student Chapter Presidents covering both internal and external communications

172

survey responses

Online thought consensus survey received responses from coast to coast, including members of every Section and membership type as well as non-members

Following the Board approval of the *Strategic Communications Implementation Plan*, work began immediately on the strategies and actions summarized on pages 4–5.

CITE is renamed to ITE Canada

One of the key recommendations out of the communications strategy process, our organizational name change was made official in September 2022. “ITE Canada” will more effectively reflect our position as a national organization, as the Canadian District of ITE, and also align with the OneITE principals of a consistent brand and member experience.

While we will be doing business as ITE Canada, our legal name remains *Canadian Institute of Transportation Engineers / Institut canadien des ingénieurs en transports – a Canadian not-for-profit corporation*.

Canada's Community of
Transportation Professionals

Strategic Communications Implementation Plan

September 2022 to December 2023

Informed by robust research and engagement with members, non-members, and ITE/CITE leadership to support our strategic goals:

Attracting members who represent the transportation community.

Providing opportunities for all our members to learn, connect, contribute, and grow.

Providing products and services that strengthen and advance the transportation community.

Sustaining a thriving organization and a strong sense of community.

Strategies & Action

STRATEGY #1

Embrace the concept of brand architecture through recognition and use of the parent brand, showcasing the unique identity of the District, Section, and Chapters with guided support.

ACTIONS

- Rename of CITE to ITE Canada
- Outline brand architecture and develop guidelines for ITE Canada, Sections and Student Chapters
- Design unique digital graphic elements for ITE Canada, Sections, and Student Chapters

STRATEGY #2

Develop a website that is structured by what members value most and designed to be accessible and represent the diversity within the transportation community and Canada as a whole.

ACTIONS

- Outline website criteria and obtain professional input
- Create ITE Canada website and phase in District and Student Chapter microsites

ns

of OneITE
and consistent
and while
the flavor of
and Student
sub brands.

in Section

STRATEGY #3

Use advanced social media account features to connect Sections and Student Chapters and leverage the ability to organize content and target audiences based on key topic areas.

ACTIONS

- a. Make ITE Canada LinkedIn the parent account with Section and Student Chapter affiliates
- b. Create ITE Canada showcase pages
- c. Foster engagement by leveraging the content in "Transportation Talk"
- d. Add Instagram to the mix

STRATEGY #4

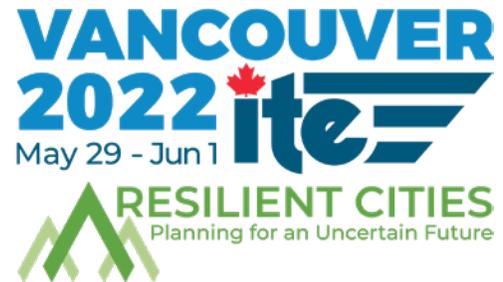

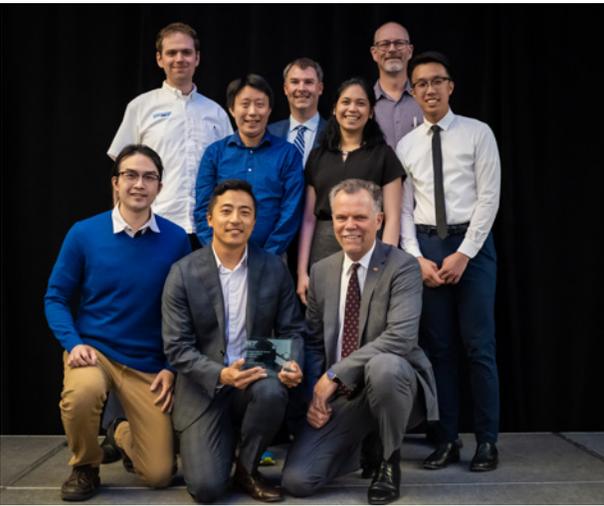

Continue to listen and learn from ITE, Districts, Sections, and Student Chapters - weave in, tweak, and expand communications efforts as appropriate to stay fresh and provide value to volunteers and members.

ACTIONS

- a. Update/document ITE Canada's role in relation to supporting Sections and Student Chapters
- b. Develop and share ITE Canada Brand Style Guide
- c. Develop and share ITE Canada Social Media Guidelines
- d. Create a password-protected intranet on the ITE Canada website to support Sections and Student Chapters
- e. Produce bi-weekly "Transportation Talk" e-news to share ITE, ITE Canada, Section, and Student Chapter timely topics and upcoming events

ANNUAL CONFERENCE

For the first time in three years, our community of transportation professionals and students gathered in person for the CITE/QUAD 2022 Joint Annual Conference held May 29 to June 1 in Vancouver, BC. Excitement was high with nearly 550 registrants in attendance and 42 companies connecting with delegates as sponsors and exhibitors.

As always, our conference would not be possible without the efforts of the Local Arrangements Committee (LAC). This exceptional group was the epitome of the conference theme: resilience and planning for an uncertain future. Despite the unexpected challenges, the LAC and the many volunteers supporting them came together to plan our largest stand-alone conference ever which received rave reviews. We are grateful for your dedication and commitment and extend a special thank you to your employers for their support!

2022 LOCAL ARRANGEMENTS COMMITTEE

Chair: Jan Voss, *CTS*

Vice-Chair & Facilities: Jared Duivesteyn, *Parsons*

Technical Program: Billy Dong, *City of Vancouver*

Technical Tours: Alvin Tse, *ISL Engineering*
& Cam Wakefield (*2020 LAC*)

Volunteers & Registration: Niraj Sunuwar, *Urban Systems*

Social Program: Shara Viaje, *WSP*, Dennis Wu,
Mott MacDonald & Kati Tamashiro,
City of Vancouver (2020 LAC)

Trade Show: Gary Vlieg, *CTS*

Executive Liaison: Ryan Vanderputten, *ITE Canada*

JENN AND JAN VOSS TRAVEL BURSARY FOR WOMEN IN TRANSPORTATION ENGINEERING

We were thrilled to have the inaugural group of *Jenn and Jan Voss Travel Bursary for Women in Transportation Engineering* recipients in Vancouver at the CITE/QUAD 2022 Joint Annual Conference. These five women were able to contribute to the conference as speakers and attendees thanks to this bursary. We are ever grateful to the Voss family for this generous gift in Jenn's memory.

HIGHLIGHTS FROM OUR STUDENT CHAPTERS

Student Leadership Summit

Organized by the University of British Columbia Student Chapter, the first Canadian Student Leadership Summit (SLS) since 2019 featured sessions on professional development and personal growth and leadership. The event was a great success, attended by students from four different Canadian universities who forged new connections spanning the country.

University of Victoria

New Student Chapter

The University of Victoria (UVic) Student Chapter was formed in May 2022 after recognizing a strong interest at UVic for transportation, particularly as it relates to sustainability. The Chapter has already started activities to promote and foster interest in transportation engineering, planning and policy within the UVic community, connect students to the profession and ITE, and promote the expansion of transportation-related education at UVic. Congratulations to all involved!

Student Roundtable

The second in-person ITE Canada Executive-Student Chapter Roundtable took place at the Annual Conference in Vancouver in June. Student leaders and Student Chapter Advisors from several chapters across Canada provided feedback and shared their experiences. Board members from the newly formed Student Support Task Force also attended the session to listen and connect.

EXECUTIVE COMMITTEE

The Canadian Institute of Transportation Engineers (ITE Canada) is a registered Canadian Not-for-profit corporation. A Board of Directors, composed of members representing each of our 13 Sections across the country and our Executive Committee, oversees the organization's operations.

The Executive Committee is elected by members of the Canadian District of ITE to operate ITE Canada's day-to-day activities. The District Director is designated as a representative on the International Board of Direction of ITE.

THANK YOU!

We extend a special thank you to outgoing Board members Zoran Carkic, Jean-Philippe Desmarais, Amy Do, Steven Florko, Jeff Jongsma, Anthony Kwok, and Sheeba Vasudevan.

ITE CANADA COMMITTEES

Volunteer-run committees are key to many of our programs and services

Building on the success of our sold-out virtual workshops offered in 2021, the ITE Canada Training Committee issued another Request for Proposals and selected two training topics to offer starting in late 2022: *Protected Intersection Design* and *Big Data & Emerging Technologies*. Thank you to outgoing Past Chair Anna (Bauditz) Snook, outgoing Chair Maryam Tabeshian and incoming Chair Ian Roth for their leadership to this committee.

TRAINING COMMITTEE

- ▶ Chair: *Maryam Tabeshian, WSP*
- ▶ Vice-Chair: *Ian Roth, Urban Systems*
- ▶ Past Chair: *Anna (Bauditz) Snook, City of St. John's*
- ▶ *Adam St. Amant, City of Lethbridge*
- ▶ *Samira Farahani, Ontario Ministry of Transportation*

The Technical Liaison Committee (TLC) continues to coordinate our technical efforts as an organization. This includes overseeing and providing guidance to a large group of Appointees to TAC and ITE International as well as coordinating our technical awards and nominations. Thanks to Mariya (Mars) Otten-Andrew for her contributions as Chair of the TLC over the last two years and a welcome to incoming Chair Ryan Martinson.

TECHNICAL LIAISON COMMITTEE (TLC)

- ▶ Chair: *Mariya (Mars) Otten-Andrew, WSP*
- ▶ Vice-Chair: *Ryan Martinson, Toole Design*
- ▶ *Farhad Shahla, City of Mississauga*
- ▶ *Borg Chan, ISL Engineering*

APPOINTEES to TAC & ITE

Coordinated by the TLC, our Appointees represent ITE Canada on technical Councils and Committees at the Transportation Association of Canada (TAC) and ITE International. We thank these individuals for contributing to strong linkages between our organizations and bringing our unique perspectives to the table.

TAC APPOINTEES

- ▶ **Chief Engineers Panel:** *Ryan Vanderputten, City of Calgary & President, ITE Canada*
- ▶ **Safety, Design & Operations Council**
 - › Geometric Design Committee: *Marcia Eng, Urban Systems*
 - › Road Safety Committee: *Farhad Shahla, City of Mississauga*
 - › Traffic Operations & Management Committee:

<i>Russell Brownlee, True North Safety Group</i>	<i>Luis Escobar, Stantec</i>
<i>Jim Mallett, Paradigm Transportation Solutions Limited</i>	<i>Greg O'Brien, WSP</i>
- ▶ **Mobility Council:** *Ryan Martinson, Toole Design*
 - › Active Transportation Integrated Committee: *Marian Mithani, City of Toronto*
 - › Mobility Management Committee: *Justin Bak, City of Toronto*
- ▶ **Technology Council:** *Bidoura Khondaker, City of Calgary*
 - › Connected & Automated Vehicles Integrated Committee: *Steven Kemp, Durham Region*
- ▶ **Workforce Development Council:** *Carlos Pérez, City of Calgary*

ITE APPOINTEES

- ▶ **Council Leadership Team:** *Mariya (Mars) Otten-Andrew, WSP*
- ▶ **Public Agency Council:** *Ryan Vanderputten, City of Calgary*
- ▶ **Consultants Council:** *Alf Guebert, AAGuebert & Associates*
- ▶ **Complete Streets Council:** *Ryan Martinson, Toole Design*
 - › Pedestrian and Bicycle Standing Committee: *Mariya (Mars) Otten-Andrew, WSP*
 - › Transit Standing Committee: *Dan Ross, HDR*
- ▶ **Transportation Systems Management & Operations (TSMO) Council:** *Borg Chan, ISL Engineering*
 - › Connected and Automated Vehicles Standing Committee: *Steven Kemp, Durham Region*
 - › Urban Goods Movement Standing Committee: *Madhuri Seera, City of Calgary*
- ▶ **Traffic Engineering Council:** *David Thatcher, Stantec*
 - › Roundabout Standing Committee: *Simon Li, Tetra Tech*
 - › Joint Rail Grade Crossing Committee: *Garreth Rempel, TRAINFO Corporation*
- ▶ **Planning Council**
 - › Sustainability Standing Committee: *Todd Litman, Victoria Transportation Policy Institute*
- ▶ **Cross-Cutting Councils & Committees**
 - › **Transportation Education Council:** *Sean Nix, Mohawk College*

2022 EXCELLENCE IN TRANSPORTATION AWARD & SCHOLARSHIP WINNERS

MEMBER AWARDS & RECOGNITION

H. Robert Burton Distinguished Service Award	Gene Chartier, <i>Toronto Section</i>
Outstanding Voluntary Contribution Award	Todd Litman, <i>Vancouver Island Section</i>
Rising Star Award	Jason Dahl, <i>Toronto Section</i>
David Tam Memorial Award <i>sponsored by Bunt & Associates Engineering Ltd.</i>	Andrew Shan, <i>Toronto Section</i>
Recognition of Service	Jen Malzer, <i>Southern Alberta Section</i>

TECHNICAL AWARDS & NOMINATIONS

Stan Tepy Outstanding Technical Project Award	City of Burnaby <i>Connecting Burnaby: Burnaby Transportation Plan</i>
Canadian District Nominee for the ITE Transportation Achievement Awards <i>Complete Streets Category</i>	Urban Systems & The City of Calgary <i>Montgomery Main Streets – Where a Street Becomes a Community</i>
Canadian District Nominee for the ITE Transportation Achievement Awards <i>Transportation Planning Category</i>	The City of Calgary <i>52nd Street Transit Improvement Project: From Vision to Implementation</i>
Canadian District Nominee for the ITE Transportation Achievement Awards <i>Transportation Systems Management & Operations (TSMO) Category</i> <i>Traffic Engineering Category</i>	District of North Vancouver, City of North Vancouver, and Botech Engineering and Consulting Inc <i>Connected Cities - Multi-jurisdictional Traffic Signal Interconnect System</i>

SECTION/CHAPTER AWARDS

Outstanding Section Award	Southern Alberta Section
Section Momentum Award	Saskatchewan Section
Outstanding Student Chapter Award	York University
Student Chapter Momentum Award	University of Manitoba

STUDENT SCHOLARSHIPS & AWARDS

Dr. Michel Van Aerde Memorial Transportation Scholarship	Jacob Lamb, <i>University of Calgary</i>
John Vardon Memorial Transportation Scholarship	Felita Ong, <i>University of Toronto</i>
CITE Undergraduate Scholarship	Maxime Therrien, <i>University of British Columbia</i>
CITE WATT Consulting Group "Transportation in a Sustainable World" Student Award <i>sponsored by WATT Consulting Group</i>	Mohamed Saleh, <i>University of Alberta</i>
Student Paper Competition Award <i>sponsored by Stantec</i>	Mingjian Wu, <i>University of Alberta</i>
Student Presentation Competition Award	Duha Abdullah, <i>University of Regina</i>
Canadian Capacity Guide (CCG) Competition Award <i>sponsored by Jim Gough, PTV Group, and BA Group</i>	Benjamin Corbett, <i>University of British Columbia</i>
CCG Competition Award, <i>2nd Place</i>	Ethan Mccaw, <i>Mohawk College</i>
CCG Competition Award, <i>3rd Place</i>	Kathursan Loganathan, <i>York University</i>
2022 Canadian Collegiate Traffic Bowl Champions	University of Manitoba

**Congratulations to the Canadians recognized by
ITE International in 2022!**

ITE Transportation Achievement Award, Complete Streets Category winner
Urban Systems and The City of Calgary

LeadershipITE graduates

Jill Juhlke, Farhad Shahla, and Federico Puscar
